

POWELL ESTATES

SITE POWELLMOBILEHOMES.COM

AUDITED 13 AUG 2026

METHOD LIVE CHECKS, NOTHING GUESSED

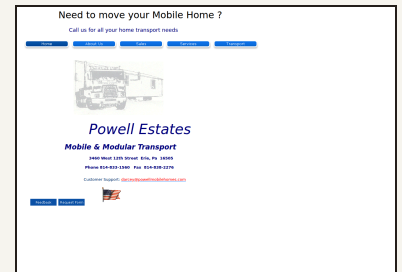

01	SPEED	Main content shows in 1.4s on a phone — that's quick.	A
02	MOBILE	Not set up for phones — visitors get a shrunken desktop page and pinch to zoom.	F
03	SEARCH	Missing a page description for Google, a main headline, link previews for texts and social and more.	F
04	DESIGN AGE	Overdue for a refresh — it runs on Microsoft FrontPage; the old unsecured version is still being served.	D
05	CONTACT	The phone number is there but not tappable on a phone.	B

06 THE THREE THINGS COSTING YOU CUSTOMERS

- 1 On a phone, your site is the desktop version shrunk down — visitors have to pinch and zoom to read anything.
- 2 Your homepage doesn't tell Google what you do — your search listing is left to guesswork.
- 3 Your site runs on Microsoft FrontPage — software from another era of the web, and it looks like it.
